

CARF Job Description

Job title:	Resource Specialist
Department/sub-department:	Accreditation Services/Customer Service Unit
Reports to:	Senior Resource Specialist, Account Manager, or Managing Director
FLSA status:	Exempt
Prepared by and date:	Human Resources Generalist/March 2014
Revised by and date:	Chief Accreditation Officer/January 2016
Approved by and date:	Human Resources and Training Manager/May 2016

Position summary

The resource specialist position provides specialized technical assistance regarding the CARF standards and accreditation process. This includes frequent customer contact with new and currently accredited organizations, interaction with surveyors, and communication with others, with a focus on customer satisfaction to promote retention of business and development of new customers. The position also supports internal processes in new business development related to the assigned customer service unit (CSU).

Essential duties and responsibilities

The following duties and responsibilities represent the essential functions of this job that an individual must be able to perform with or without a reasonable accommodation:

- Provides detailed, consistent, and accurate consultation and technical assistance to organizations and surveyors regarding survey procedures and processes and standards interpretation; activities include frequent telephone and email contact and other written communication.
- Serves as content expert for organizations and surveyors regarding interpretation of standards, survey and accreditation process.
- Interacts with existing customers to promote business retention and timely submission of Intent applications and related materials.
- Interacts with organizations regarding new business opportunities, gathers pertinent organizational details, enters data into account information management system (AIMS), and makes updates at strategic business points to encourage market growth.
- Assists with ongoing customer concerns; this includes, but is not limited to, responding to issues that arise on site during surveys, with surveyors and organizations, and with daily operations; communicates effectively to appropriate internal operations; and documents accordingly.
- Interacts with internal operations routinely in a manner that promotes success toward reaching the established goals and objectives of the unit and organization at large; this includes assisting in survey planning strategies, original survey and merger/acquisition/change in ownership processing, the appeal process, and problem-solving activities as needed.
- Assists with responding to allegations and self-reports per the established policies and procedures; this may include communicating with the complainant, an organization, the survey team, funding or regulatory sources, consumer groups, and other pertinent stakeholders; documents accordingly.
- Edits or assists with editing of survey reports and completion of the editing of survey reports that are outsourced for review and coordinates with team members for review of special

CARF Job Description

reports, such as One-Year Accreditation outcomes.

- Assists in the development, production, and review of documents, articles, or other written materials needed for the CSU.
- Participates in CSU international conferences and surveyor trainings; assists with the review, revision, and development of surveyor training and other presentation materials; participation may include conducting presentations, regional training sessions, webinars, and other educational events as needed.
- Participates as requested on internal committees or task force groups for business reengineering plans or for revision or development of written policies, procedures, and standards; attends unit or staff meetings as required.
- Reviews Quality Improvement Plans (QIPs) as necessary for accuracy and communicates with organizations regarding discrepancies and timely submission; assists organizations in planning and maintaining quality between accreditation cycles.
- Reviews Annual Conformance to Quality Reports (ACQRs) as necessary and communicates with organizations to resolve concerns, missing information, and issues relating to compliance with the policy.
- Possesses mastery of and appropriately uses AIMS as it relates to applicable duties and responsibilities.
- Reviews electronic feedback and addresses areas of concern with applicable surveyors or organizations as appropriate.
- Communicates areas of concern to surveyors in a professional manner to facilitate survey process, e.g. allegations, special needs of organization or related to type of survey.
- Conducts crosswalks of accreditation standards and state regulations in development of public-private partnerships as requested.

Note: Duties and responsibilities are not all inclusive and may change at any time, with or without notice. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Qualifications, education and/or experience

The following qualifications represent the training, education, certifications, licensures, and/or work experience required to perform the essential duties and responsibilities successfully:

- Master's degree and two (2) years experience relevant to the specific Customer Service Unit; or a bachelor's degree and five (5) years experience relevant to the specific Customer Service Unit; or an equivalent combination of education and experience.
- Ability to respond to complex inquiries or complaints from customers, regulatory agencies, or members of the accreditation community. Ability to communicate direction and support to staff members. Ability to effectively present information to top management, public groups, and/or boards of directors.
- Proficient in Microsoft Office products, including Word, PowerPoint (e.g., designing presentations incorporating graphics and imported data) and Outlook (e.g., arranging meetings, recurring reminders, and task management). Functional mastery of AIMS.

Competencies

The following competencies represent the knowledge, skills, and/or abilities required to perform the essential duties and responsibilities successfully.

CARF Job Description

Values-based competencies

- **Respect** - Treats people with dignity and respect, values diversity, demonstrates cultural competence, promotes a harassment-free environment, keeps commitments, and inspires the trust of others.
